WHAT TO DO:

If an emergency situation arises outside of business hours (including public holidays), the following procedure applies:

1. Contact the appropriate trade from the list below and explain the situation in as much detail as you possibly can, arrange for the trade to attend to the repairs
2. Send an email to your property manager with a detailed explanation of the situation and any action that has been taken.

As a tenant, you may arrange for a suitably qualified person to make the emergency repairs if you have not been able to make contact with the agent or the nominated repairer to notify them of the need for an emergency repair or if the repairs are not made within a reasonable time frame after notice is given.

If your situation is NOT classed as an emergency repair and a tradesman is called out to attend, the invoice will be forwarded to you for payment. Any general maintenance issues need to be reported through the tenant portal or in writing to your property manager to be dealt with.
